

VISION

Approved June 15, 2006

To be the preeminent college of pharmacy that provides world-class leadership in the quality of the student educational experience and faculty scholarship.

MISSION

Approved June 15, 2006

To advance human health through world-class research and the education of students in patient and pharmaceutical care, the pharmaceutical and biomedical sciences, and health policy and administration.

This will be accomplished through:

- a student-centered educational philosophy that promotes life-long intellectual growth and learning
- the provision of pharmaceutical care designed to improve an individual's quality of life and the overall public health through both prevention and treatment
- nurturing an exceptional environment for research, scholarship, innovative practice and professional and graduate education
- creating an environment of trust and respect in all that we do.
