

VISION

Approved June 15, 2006

To be the preeminent college of pharmacy that provides world-class leadership in the quality of the student educational experience and faculty scholarship.

MISSION

Approved June 15, 2006

Revised March 20, 2009

To advance human health through world-class research and the education of students in patient and pharmaceutical care, the pharmaceutical and biomedical sciences, nutrition and exercise physiology, and health policy and administration.

This will be accomplished through:

- a student-centered educational philosophy that promotes life-long intellectual growth and learning
- the provision of pharmaceutical and other health care designed to improve an individual's quality of life and the overall public health through both prevention and treatment
- nurturing an exceptional environment for research, scholarship, innovative practice and professional and graduate education
- creating an environment of trust and respect in all that we do
